# Company Overview

# COMPANY OVERVIEW

---

ChainStar - Lowering Barrier , Popularizing Blockchain

## About ChainStar

ChainStar stands as a comprehensive provider of blockchain technology solutions, offering a holistic range of services. With a global presence, we boast several cutting-edge R&D centers, strategically positioned market branches, and a profound commitment to compliance. Our portfolio includes cryptocurrency exchange licenses secured across multiple nations, a testament to our unwavering adherence to regulatory mandates in all jurisdictions our clients operate within. Furthermore, we are pursuing financial licenses and audit accreditations in various countries, a proactive step towards fortifying our regulatory prowess.

## Vision

We are committed to providing professional, safe, and convenient system services, lowering the barrier of the blockchain industry, and popularizing blockchain system

# TEAM COMPOSITION

ChainStar - Lowering Barrier , Popularizing Blockchain

Our R&D division comprises accomplished professionals with backgrounds in esteemed fintech enterprises such as Tencent, ByteDance, and Alibaba, among other renowned firms. Their extensive expertise spans the realms of blockchain technology. Noteworthy is the fact that over 70% of our company's workforce is dedicated to the R&D department, underscoring our commitment to pioneering advancements in these domains.
